

LOTC City League Board Meeting Minutes
12/11/2023

Attendees: April Razey, Frann Hepp, Carilyn Alexander, Cindy Dorado, Lisa Kearns, Kiki Hanover
Absent: Kitty Bozzini

Meeting called to order at 10:30am.

- Fran gave a recap of the rules meeting on November 30, 2023. The rules committee has voted to create a new area in the rules entitled, Section 6: Player Conduct (before Resolution). This outlines sportsmanship and player expectations. There is also a clear line of who to go to should you experience concerns and/or disagreements (either as a player or captain).
 - The committee thought the new section was a great addition and will be adding it to the website and getting the new information out to captains and players as soon as possible.
 - It was also discussed that Cindy will revamp her end of year recap that she created last year and we will send that out to captains and players as some might not know there is a board, a rules committee, a resolution committee, etc.
- City League match court space takes precedence. If a match ends and another line is heading out to the court for their next match and you are concerned about time constraints, talk to Ian and he can move private court time around to accommodate City League matches. Lisa will let the captains know.
- Ian will be on leave for two months beginning late January and will let the board know of his replacement. The replacement will have a clear understanding of City League and the needs of the teams.
- Discussed an email from GPCLTA about vocalizations on the court and how this is considered a hinderance and a distraction. Lisa will let the captains know about this rule and ask them to remind their players as well.
- Discussed current team counts and new players. Prospective players are currently practicing with teams to make sure it is a good fit. The board will vote on new players shortly.
- Reviewed team stats to be sent out to players in January. Lisa will oversee and make sure that captains are double checking that the numbers are correct.
- Upcoming board meetings:
 - January 8, February 12, March 11, April 8 and May 13

Meeting adjourned at 11:45pm.
