This includes availability for away matches as well as home matches. Players should not sign up for a team if they cannot meet these expectations. If a player’s availability changes, she must advise her captain. If an existing player cannot meet the 50% Availability Rule, the captain must bring the situation to the Resolution Committee for evaluation of impact on team.
2. Players must communicate their availability to the team captain at least 7 days prior to the match date.
3. A waiting list will be posted at the Tennis Center for those players who do not currently play City League tennis at Lake Oswego. All potential players must fill out a Lake Oswego City League Signup Form (see attachment A) and turned in to the LOTC office. They must also read the current LOTC Rules before applying for a LOTC City League team.
4. Waitlisted players can be added to current team after start of the season. Partial year players will be considered priority players for team placement consideration at the end of the season.
5. Current team members who wish to continue playing on Lake Oswego City League teams must submit a City League Signup Form by the announced deadline (in early spring). After all the full year members have been placed on a team, the priority players and other players on the wait list will be evaluated. Placement will be made by the Team Review Committee based on needs of team and ability (to be determined by the pros).
6. A player who is injured or takes a leave of absence for personal reasons during the first half of the season (with the season being defined by the GPCL calendar) and is unable to play by mid-season, has the option to stay on the roster for the second half of the season.
